Petition to Save the Heaphy and Hollyford Tracks

TO THE HOUSE OF REPRESENTATIVES

We the undersigned:

- **appreciate the special conservation values of the Kahurangi and Fiordland National Parks**
- **recognise the benefits to tourism of the Heaphy and Hollyford Tracks**
- **oppose calls for new roads to be built between Karamea and Collingwood, and between Haast and the Hollyford Valley**
- **maintain that sustainable economic development in Golden Bay, Northern Buller and South Westland will suffer if these roads are constructed**
- **call on the Government to reject any request to fund these roading projects, including assistance for further feasibility studies**
